Windows 10 Pro

Multiple Activation

Windows 10 Pro is designed for small and medium businesses enabling organizations to manage their devices and apps, protect their business data, facilitate remote access, and take advantage of cloud technologies for their organizations. In addition to small and medium businesses, Windows 10 Pro devices would be a good choice for organizations supporting CYOD programs.

Windows 10 Home

Multiple Activation

Windows 10 Home is the definitive Windows 10 experience for general consumers. It offers a familiar and personal experience combined with new innovations for getting things done and having more fun. New features include: an all-new web browser built for doing things online; Windows Hello which provides users a warm welcome and a convenient log-on; and great new multi-tasking features including snapping multiple apps on the screen and creating virtual desktops for more space.

Hardware Developer Tool Kits

Download the standalone SDK if you just need the Debugging Tools for Windows 10, and not WDK 10 or Visual Studio Community 2015, you can install the tools as a standalone component from Windows SDK. In the installation wizard, select Debugging Tools for Windows, and deselect all other components.

Download the Windows Driver Kit (WDK) 10 to get the tools you need to build, test, and deploy your drivers and Windows Store apps, including debugging tools, samples and tutorials. Get more Universal Windows driver samples.

Download the Windows Hardware Lab Kit (HLK) for Windows 10 to test the performance and compatibility of hardware and drivers for Windows 10.

Download the Windows Assessment and Deployment Kit (ADK) for Windows 10 to get the new and improved deployment tools used to automate a large-scale deployment of Windows 10.
